Issue with Items Received/Request a Refund

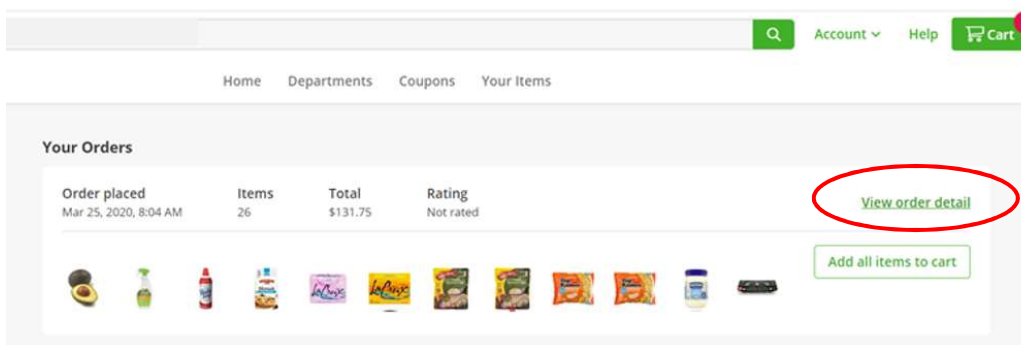

If you are unhappy with any of the items you received, or think you were charged for items you didn't receive, Instacart will issue a refund. To report an issue click on the "Report a Problem" button at the bottom of your order receipt sent to via email.

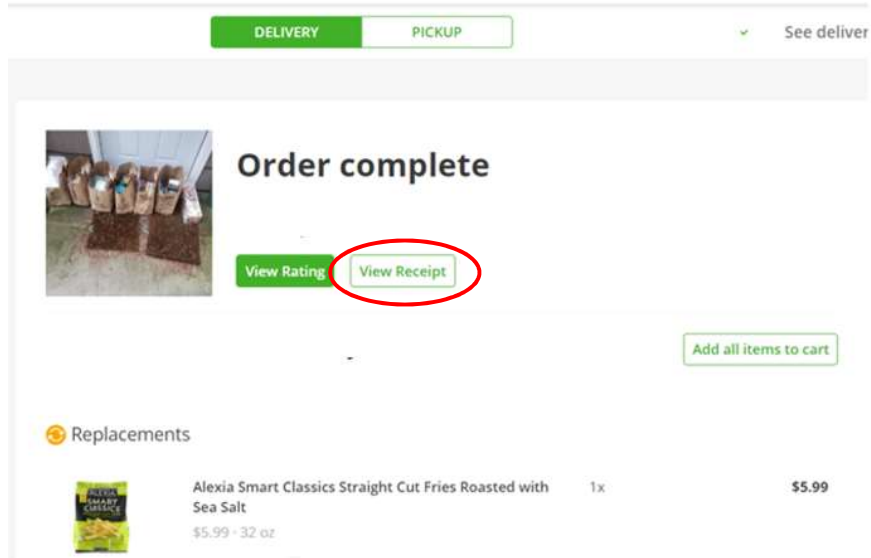

If you're not able to find the email in your inbox you can also go to <https://www.instacart.com/store/account/orders>, login to your account, click on "Account" at the top right of the page and select "Your Orders".

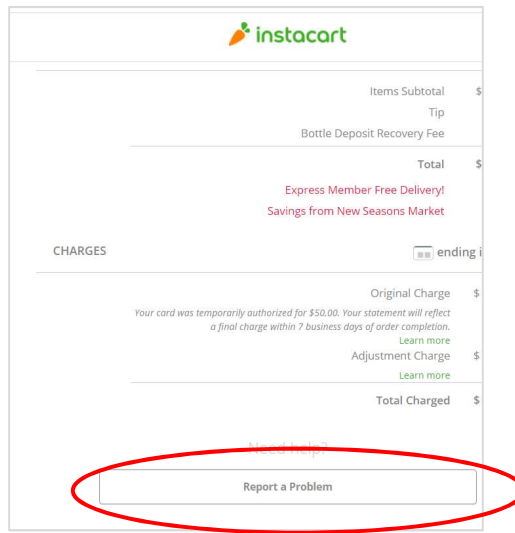

Find the order in question and click on the "View order detail" link to the right.

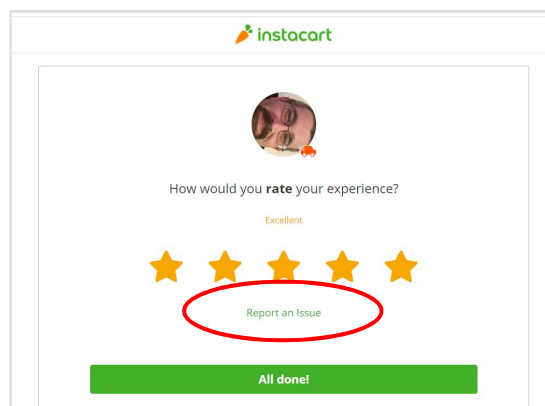

Click on the “View Receipt” button.

Click on the “Report a Problem” button at the bottom of the receipt.

This will take you to the Rate Your Experience page. Click on the “Report an Issue” link below the stars.

Select the type of issue you experienced, follow any further instructions, and hit the “All done!” button.

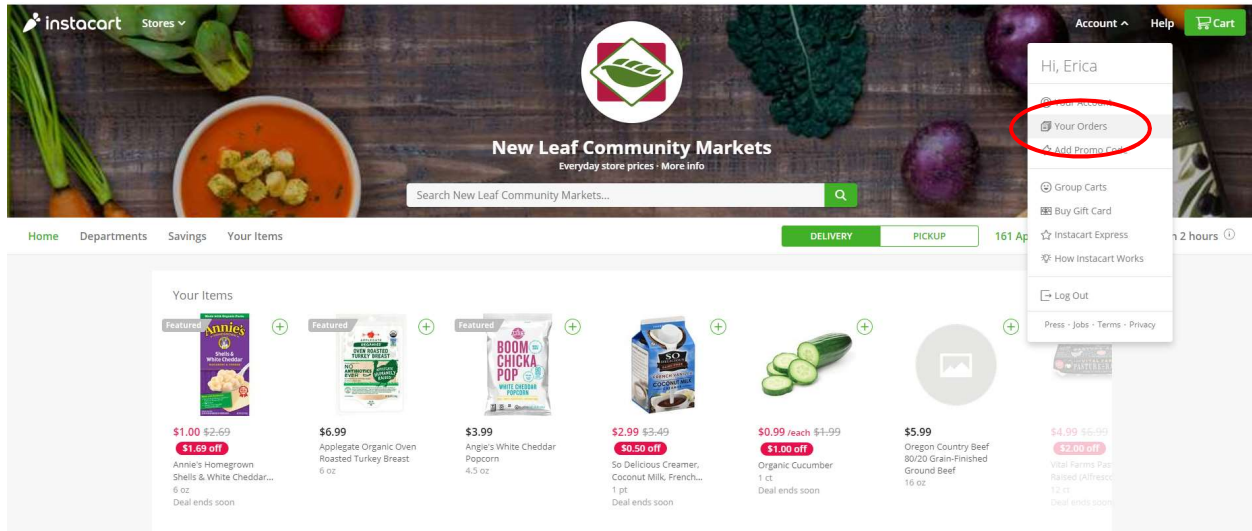

The image shows the Instacart feedback form. At the top, it asks "How would you rate your experience?" with a 5-star rating. Below that, it says "Report an Issue" and "Were there any problems?". A red circle highlights the "Report an Issue" section, which contains six options: "Wrong Item", "Missing Item", "Damaged Item", "Poor Replacement", "Poor Service", and "Other". At the bottom of the form is a green "All done!" button.

Undelivered Order

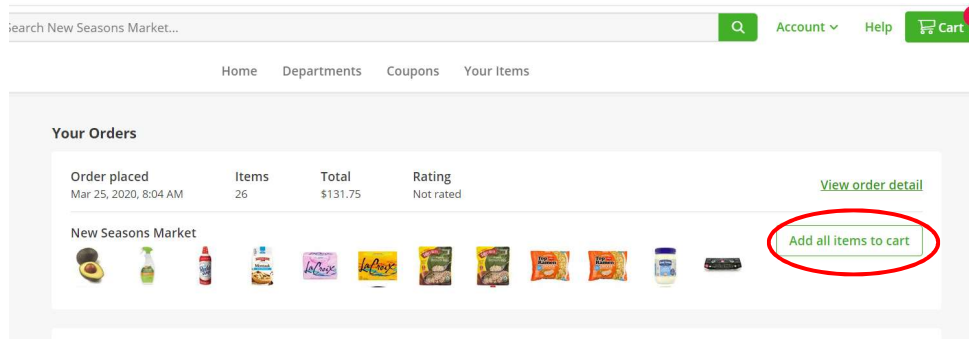

If you were notified that your order was delivered, but didn't receive your order, it may have been delivered to the wrong address. Please check the delivery address you entered for the order and ensure it's correct. To report the issue and have the order replaced, follow the “Report a Problem” instructions above.

If your order is canceled due to shopper unavailability Instacart should reach out to reschedule. If you don't hear from Instacart go ahead and resubmit the order by logging into your account, clicking on the “Account” link at the top right of the page, and selecting “Your Orders”.
